

THANKLESS WORK IS CHASING VIOLATORS OF PROHIBITION LAW

Sheriff Wheeler States That
General Crime Flourishes
While Officers Are Trying
To Catch Bootleggers

While the sheriff's officers are raking the mountains of Cochise county in an endeavor to put a stop to bootlegging, the whiskey, imported by bootleggers, is causing riots, murders and all other forms of crime. The sheriff and the officers are helpless to take care of both classes of crime and the sheriff, who arrived in Bisbee yesterday afternoon from the Dragon country, inferred that his greatest effort from now on would be toward the elimination of the more serious crimes.

Sheriff Wheeler and practically his whole official force for many months have been occupied with bootlegging. They have endeavored to stop the importation of liquor into the state and to that end have spent a large part of their time on the roads entering this section from the state of New Mexico. As a consequence, when crime occurs in any part of the county the sheriff and a large part of his force is far away from the scene of the commission of the act.

"I have earnestly worked, with my entire force, for the suppression of the liquor traffic. While I have been engaged in that work with my deputies, crime has flourished. This is no reflection on the other officers. They have their own work and can not be expected to take care of my end."

"Some time ago, owing to the prevalence of bootlegging and its attendant evils in the camp of Johnson, I had to take my Lowell deputy and one from Tombstone into that section. While we were over there two men were murdered in Lowell."

"The same thing applies with regard to Douglas. Riots are had there while I am out trying to run down the bootlegger. I have about come to the conclusion that there is but very little use to arrest bootleggers, at the expense of allowing other crime to flourish."

"One man in the county has been arrested five times. He has been convicted on one charge and got a hung jury on a second charge. He has spent one day in jail. On account of the fact that the jail in Tombstone now contains a matter of \$20,000 worth of liquor, which I can not destroy, I am forced to let it go when I capture additional stocks. The law is faulty and the people of the county will not aid the officers in enforcing the amendment. It's mighty discouraging and hard to work against obstacles like that, especially when other crime goes right ahead and the sheriff's office is blamed for not keeping it down."

The sheriff was in the Dragons yesterday morning waiting for bootleggers who are supposed to have gone into Johnson when Percy Bowden was sent from the county seat to get him. He arrived in Bisbee yesterday afternoon, and will spend some time here aiding the local officers in their search for the man who killed the Finnlander early yesterday morning.

ANDREW SURURANEN FUGITIVE FOR DEATH OF GUNNAR OINAS

Officers Search For Finnlander
Who Is Alleged To Have
Killed Countryman. Oinas
As Peacemaker When Shot

Gunnar Oinas, who was killed yesterday morning shortly after 1 o'clock in Upper Lowell, went to his death endeavoring to make peace between two of his fighting countrymen. An argument as to who should return to Lowell and secure a bottle of 'bootleg' whiskey culminated in a fist fight between Andrew Sururanen and Emil Laaksa. Oinas attempted to separate them and Sururanen shot him just over the heart for his trouble.

The above is the story told by the companions of both Oinas and Sururanen, who is now a fugitive from justice, being wanted on a charge of murder. The officers of the District are more than active in their efforts to locate the man. An accurate description of him has been secured and a picture, also, is in the hands of the officers. From the time of the murder, yesterday morning, the officers continued their search of all the Finnlander settlement in Upper Lowell. Sururanen had gone to his room and left some bloody water and a towel behind him. Otherwise he did not appear much disturbed.

According to the story told by Nestor Luoto, one of the party, he, with the deceased, Andrew Sururanen, Fred Lindgren, Otto Sururanen, a cousin of Andrew, and Emil Laaksa, had been in Lowell during the entire evening. They were celebrating the intended departure for Chicago of the deceased, Luoto and Lindgren. When they left Lowell for their homes in Upper Lowell all were drunk and were very noisy. When they got into Upper Lowell one of the party proposed that one of the number go back and get a bottle of whiskey. A fight ensued which lasted for several minutes.

Oinas, according to Luoto, started toward the two fighting men and said: "It isn't your fault nor is it your fault," apparently endeavoring to appease both of the men. At that minute Sururanen drew a gun and fired twice, the first bullet hitting Oinas just over the heart.

All of the party, with the exception of Luoto, ran. They were found in their rooms by the officers later in the morning. Luoto aided the officers in every way possible to clear up the affair, and all of his companions with the exception of Andrew Sururanen testified at the coroner's inquest held yesterday afternoon in Judge George R. Smith's court in Lowell.

Andrew Sururanen had a considerable deposit at the Bank of Lowell. It is said to aggregate a matter of \$500. Though it is supposed he has made every effort to escape yet there is small possibility of his being able to get out of the state. All of the border has been warned against him as have also the various towns and cities in the southwest.

NEW ITALIAN CABINET FORMED

Paolo Boselli Is Slated For
New Premiership. Two
Former Members Remain

(By Review Leased Wire.)
ROME, June 14.—The new cabinet which is to replace that of Antonio Salandra, which resigned last Sunday, has been virtually formed. Paolo Boselli, who will be the new premier but will have no other portfolio, is 79 years old, he is the dean of parliament, having been a deputy since 1870. He held his first ministerial portfolio forty years ago.

It is asserted that Baron Sonnino has definitely refused to remain the head of the foreign ministry, and he probably will be substituted by Vittorio E. Orlando, who was minister of justice in the Salandra cabinet. The other ministers will include Leonida Bissolati-Bergamaschi, leader of the reform socialists, and Professor Luigi Luzzatti, former premier, and probably William Marconi.

General Paolo Marrone and Vice Admiral Camillo Corsi, respectively minister of war and marine in the Salandra cabinet, probably will retain their posts in the new ministry.

TOKEN OF ESTEEM IS SENT MRS. WATKINS BY SOUTHWEST MINERS

Men Who Worked Under The
Deceased Foreman Com-
bine And Send Engraved
Tablet To The Widow

Attesting the high esteem in which the miners of the Southwest Shaft held the late Albert G. Watkins, the foreman of the mine who was killed in the workings some months ago, is the token which will go forward to Mrs. Mary C. Watkins today.

It is an engraved gold plate, set in ebony wood and reads:

"To Mrs. Mary C. Watkins, in loving remembrance of Albert G. Watkins, from the boys of the Southwest Mine."

The cost of the token was defrayed by the men of the shaft. None of the bosses of the mine were permitted to join in the expression of remembrance from the miners.

Mr. Watkins was killed in the Southwest when he fell down a chute. He was one of the oldest and best known residents of the District and held in universally high esteem by all who knew him. This was particularly so of the men who worked under him. The token of esteem is ample proof of the fact and, no doubt, will be treasured by the recipient as one of the greatest testimonials of her late husband's character.

RAILWAYS MAY COMPROMISE TERMS

Double Compensation Rules
Are Insisted On By Em-
ployees; May Win

(By Review Leased Wire.)
NEW YORK, June 14.—A continuance of the conference between representatives of 350,000 railroad workers and their employers, called to avert a general strike involving all the roads in the United States tonight hinged upon the decision of the railroad managers as to whether they would offer a specific compromise to the demands of their employees. The men flatly rejected the railroad's tentative compromise proposal today, and adjournment was taken until tomorrow when the managers will report whether they are prepared to present a definite proposition.

The railroad managers, immediately following the adjournment, went into an executive session that continued until late tonight. Leaders of the men announced that no matter what the offer of the railroads is, it will be rejected unless all existing double compensation rules are retained. They are willing to compromise on the other issues involved—the eight-hour day and time and a half for overtime.

In their tentative compromise offer the railroads have indicated their willingness to grant the demands of the men on condition that the double compensation rules be abolished. The men declare that such action would not only nullify twenty-five years of effort, but also seriously impair their earning power.

Late tonight the railroad managers

authorized the statement that it was highly probable no counter proposal would be made to the workers. The leaders of the railroad brotherhoods also announced that they expected the railroads would fail to meet their demands and are ready to leave for their homes and send out a call to vote a general strike.
